Field-Grown Chrysanthemums

from Sunny Southern California

NURSERIES at 9779 Foothill Boulevard, Los Angeles Calif.
P. O. ADDRESS: Route 2, Box 1108, San Fernando, Calif.

To Those in the Trade

THE DATES given in regard to maturity are based on average growing conditions from May and June planting. However, growing and climatic conditions being different in some localities, they must be taken into consideration in the maturing of the crop.

We specialize in rooted cuttings of Chrysanthemums taken from strong stock plants field-grown for this purpose only. We do not grow our flowers in competition with the trade.

We solicit correspondence regarding any feature of our Catalog or terms of sale.

Write us for special prices on large quantities.

Respectfully yours,

GARRETT-OLSEN CO.
